

## **FAQ's**

### **What is GROW WORK for a business person?**

GROW WORK is a platform where any SERVICE PROVIDER or BUSINESS MAN can enlist himself to advertise his venture or to popularise it at the local level. It is a cost-saving method to make advertisements for your business at the local level.

### **What is GROW WORK for a common user?**

For a common user GROW WORK is an essential application where you get the contacts of almost every service or business person you need in your daily life. From a Plumber to a Web Developer every one is enlisted there from your city and now you don't have to make multiple calls or be stuck to only one contact for getting your work done.

### **Why GROW WORK?**

It is because at very minimum costing and in efficient manner it helps you to grow your sales by advertising you at the local level.

### **Does a Business person need any account on GROW WORK?**

Yes, he does need an account on GROW WORK to advertise his venture.

### **Does a User need any account on GROW WORK?**

NO, it is free for users. You just need to download the application from Google Play Store and you are done with it.

### **How do I “register/ login / make changes” for a GROW WORK Account?**

Click on the LOG IN/SIGNUP button in the application from the menu. Type in your Name, Email address, Phone number and choose a password. Then click on 'Sign Up'. Follow verification of email address/phone number to complete the registration process. Click on 'My Profile' from the top navigation bar. Then log in with a registered email id and password. After logging to “My Profile”, Click on “profile” to make changes to your profile.

### **What are Anchor Ads?**

Anchor Ads are digital pamphlets that help you to advertise your business at the local level.
